156 Rivington Street

$649,900

FROM THE SELLER'S PERSPECTIVE:

"I bought the house for the opportunity to live beside water and look out every day at the river, fields and trees. It's like living in a nature reserve. Turtle nesting every June where snapping turtles come out onto the dry sunny areas beside the street and lay their eggs, and baby turtles hatch in late August. Foxes, deer, otters, ducks and geese!

I can carry the canoe to the river for paddling. I have paddled April May and September October when the water level in the river is good.

Light filled, south facing house with a lot of privacy with no rear neighbours nor any chance of building. Open, spacious house with high ceilings. Sun-filled in winter and the beautiful gas fireplace makes it cozy on dark nights. Firewall between the house and left neighbour ensures no sounds are heard.

Neighbours are quiet hardworking folks. Considerate and co-operative, sharing grass cutting and snow removal and watching each other's houses. All ages from young couples to school age (a bus to West Carleton stops at the end of the street) and those retired. The street itself is a little mini community.

It's a short walk to the Ridge Rock pub for great food and music. Skylark cafe just past the pub has the best scones in Ottawa. Alice's Cafe has wonderful breakfasts and lunches.
Carp has a post office, LCBO, pharmacy, bakery, convenience store and library not to mention one of the best medical centres in the west end as well as an elementary school."
